

I am writing to petition on behalf of KLOVE radio station.
KLOVE is an important part of the local community
in Raleigh North Carolina and it would be a detriment to many citizens
if the station were to be displaced by an LPFM broadcaster
providing other programming.
KLOVE supports wholesome values and has a positive and encouraging
impact on our community and I believe it is in the best interests of
the public for service to be continued to be provided by
KLOVE in its current format.
